According to the story of Mr. Northey, a negro man came into the store this morning and offered to sell him a revolver for \$5. He took the weapon, and while examining it the little nute came in and commenced making signs to him to shoot. He raised the pistol, and the little negro turned to run. He pulled the trigger, without a thought of the gun being loaded, and there was a crashing report, and the next he knew the boy was lying on the floor with a wound in the back of his head.

Mr. Northey came down to police headquarters and gave himself up. Acting Police Justice Leterman, after hearing his account of the shooting, issued a warrant charging Northey with homicide, and he was released in the care of an officer until the coroner decided whether or not he would hold an inquest.

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of illness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs and Elixir of Senna, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the only remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is, therefore, all-important, in order to get its beneficial effects, to purchase and note that you have the genuine article, which is manufactured by the California Fig Syrup Co. only.

It is pleasant and refreshing to the taste, and acts gently yet promptly on the kidneys, liver and bowels, cleanses the system effectually, dispels colds, headaches and fevers and assists in overcoming habitual constipation permanently, also biliousness and the many ills resulting therefrom.

The great trouble with all other purgatives and aperients is not that they fail to act when a single dose is taken, but that they act too violently and invariably tend to produce a habit of body requiring constantly augmented doses. Children enjoy the pleasant taste and gentle action of Syrup of Figs and Elixir of Senna, the ladies find it delightful and beneficial whenever a laxative remedy is needed, and business men pronounce it invaluable, as it may be taken without interfering with business and does not gripe nor nauseate. When buying note the name, California Fig. Syrup Co. printed on the front of every package. Price, 50 cents a bottle.
